

Ship it right with...

A.I.R. Shipper™ International Regulations 2009

The Shipper's Guide to Dangerous Goods Compliance

A.I.R. Shipper is the first shipper-friendly publication recognized by the International Civil Aviation Organization [ICAO].

This publication helps you comply with international regulations for shipments of dangerous goods by air. It combines international and national requirements, so you can have all the information you need to ship safely and in compliance with regulations in one resource.

Features of A.I.R. Shipper

- Developed in compliance with ICAO standards
- Chapter order is logical and follows UN Model regulations, ICAO and IMO formats
- Cost-effective, quality product that promotes safety in dangerous goods shipping
- Dangerous Goods List (DGL) is quick and easy to use
- "How to Use" appendix helps you get the most out of the unique layout and features
- Hazard and handling labels and markings shown in color
- Colored borders make finding important sections quick and make text easier to read
- Easy-to-use packing instructions include descriptive titles, maximum quantity tables and specific applicable variations
- High-quality paper allows highlighting without "show-through"

New 2009 Edition Features

- New packing instructions, proper shipping names and markings for lithium batteries
- New fuel cell requirements
- Updated excepted quantity requirements and marking
- Reformatted RAM chapter
- New Cargo Aircraft Only Label
- New Excepted Quantity Label
- Easy-to-use reference guides to get all your information in one spot
- New format is easier to read
- User's Guide Companion helps to navigate through critical parts of A.I.R. Shipper™
- Separate booklet of Draft Packing Instructions shows changes to be implemented in 2011.
